-------------------	-------------------	-------------------	----------------	----------------	---------------

1. This is the way you can make sure that your _____ are always aligned to use a new language.
2. I recommend you to find someone where your best language in common is your _____ language. And if you can't find them _____, try technology. Or if you could travel, that would be perfect.
3. There is a problem with that and I realized it because it's difficult to find someone who fits that _____ exactly.
4. Our second best language in common _____ French, but we always spoke in German to each other in the office.
5. And it becomes such a _____ tool, you can have it with your friends and you can get the sense of privacy in public.
